Recent Reviews:

“My son has now done 2 programs at the Hit house, a 6 week clinic and a March Break camp. He rated both 2 million out of 10.”

“What I love about the hit house is; it’s not about baseball skills specifically - it’s about growth, development, leadership, pushing, striving and reaching goals. It’s the fact my 8 year old has young coaches whom are fun, cool

and incredibly positive role models - it's more than baseball."

"My son was devastated when he was cut by a rep team. The hit house instructors normalized this feeling and shared a time when they were also cut. Totally reigniting his love for ball."
